SUMMARY

UX Designer focused on impactful results, eager to tackle challenges and craft intuitive experiences. Skilled in project management, user-centric problem-solving, and team collaboration. Proficient in using cutting-edge tools to enhance user satisfaction.

EXPERIENCE

UI/UX Design - NoviTech

Aug 25 - Sep 29

Completed a 30-day UI/UX Design Masterclass at NoviTech R&D Private Limited, where I designed engaging website pages and visual assets. Applied user-centered design principles to improve usability and user experience, while gaining hands-on experience in wireframing, prototyping, and responsive design using tools such as **Figma, Adobe XD, and Canva**.

EDUCATION

Selvam College of Technology, namakkal

Sep 2022 - May 2026

B.Tech - Information Technology
CGPA -

Government Higher Secondary School Dasanaickenpatti, Salem

2021 - 2022

Hsc - 70%

TECHNICAL SKILLS

- Programming languages : Python
- Back-end development : Django
- UI/UX : Figma, Canva, Adobe express
- Front-end development : HTML, CSS, JS
- Database Management/Tools : MySQL / VS Code

PROJECT

Built E-Com Hub, a student-focused marketplace for buying academic and development projects. Designed intuitive UI/UX for easy navigation, project discovery, and checkout. Used Figma, Adobe XD, and Canva for prototyping and design.
